General description

Mobilex rollators are of high quality, user-friendly, stable, easy-to-use and contribute to “a better life in motion” for the users. We have the right rollator for every situation and challenge. Whatever you’re looking for, you’ll find it here. Our extensive range of rollators meet the diverse needs of users.

Although our rollators are named after speedy animals, its up to the user to decide the speed as well as the model and colour. Naturally, all Mobilex rollators are equipped with well-functioning and user-friendly brakes for the users safety and comfort. A lightweight and very stable frame construction provides the necessary stability during use. Mobilex rollators are available up to a user weight of 200 kg and a seat width of up to 56 cm. With a maximum height of the drive handles up to 112 cm, even the tallest user will be able to find a suitable model. Whether for indoor or outdoor use, we at Mobilex A/S offer rollators for all needs. We also have several modern and elegant models for patients with arthritis in our wide repertoire.

On the following pages you can immerse yourself in our wide range of Mobilex rollators and the extensive accessory program. If you do not find what you are looking for, you are very welcome to contact us or one of our many qualified Mobilex dealers.

More information?

On these pages you will find a small selection of our extensive product range. If you are interested in our full range, we invite you to visit our website www.mobilex.dk, where you can view all products and download our catalog. The QR code will take you to our website.

LEOPARD ROLLATOR

The Mobilex lightweight rollator **Leopard** has an aluminium frame that can be easily folded sideways, which in folded state reduces the required space to a minimum. The rollator is equipped with a crutch holder, a back belt and a handy removable bag as standard. Easy to open and fold, the rollator is suitable for use both outdoors and indoors. The comfortable seat is made of tear resistant nylon. The push handles can easily be adjusted in height without use of tools. The rollator comes with two lockable brakes on the rear wheels and is tested and approved for a user weight of up to 150 kg.

GEPARD ROLLATOR

The Mobilex lightweight rollator **Gepard** has a frame made of carbon fibre. It can be folded sideways, which in folded state reduces the required space to a minimum. The rollator comes with a crutch holder, a comfortable soft seat and a removable bag. The rollator is easy to open and fold and with its large wheels, it is suitable for use both outdoors as indoors. The push handles can easily be adjusted in height. The rollator comes with two lockable brakes on the rear wheels and is tested and approved for a user weight of up to 150 kg (200 kg for the HD model).

BUFFALO HD ROLLATOR

The Mobilex lightweight rollator **Buffalo HD** has an aluminium frame that can be folded sideways, which in folded state reduces the required space to a minimum. Its structure is reinforced with additional elements. The rollator is equipped with a back belt, a crutch holder and a handy removable bag. The bag has carrying handles and can also be used as a shopping bag. The rollator is easy to open and fold and suitable for use both outdoors and indoors. The comfortable seat is made of tear resistant nylon. The push handles can easily be adjusted in height without use of any tools. The rollator comes with two lockable brakes on the rear wheels and is tested and approved for a user weight of up to 200 kg.

PANDA COMFORT ROLLATOR

The outdoor rollator **Panda Comfort** has a dark blue or red aluminium frame. The rollator folds easily sideways and when folded it takes up minimal space, making it easy to transport. The large soft wheels make the rollator good and stable for both indoor and outdoor use. In addition, the large wheels also provide good shock absorption. The push handles can easily be adjusted in height without the use of any tools. The rollator is equipped with two lockable brakes that brake on the rear wheels. Two integrated tilting pedals are fitted near to the rear wheels to facilitate overcoming of minor obstacles. As standard the Panda Comfort comes with a transport lock, a removable shopping bag, a back belt and a crutch holder. Otherwise, a wide range of other accessories is available. The rollator is tested and approved for a user weight of up to 150 kg.

Panda Comfort	312601+312603
Height of the push handles (adjustable)	77,5 – 99,1 cm
Recommended user heights	160 - 200 cm
Seat height	59 cm
Seat dimensions (width x depth)	45,5 x 19 cm
Inner width between push handles	45,5 cm
Length (depth)	77,5 cm
Weight with accessories	9,44 kg
Max. load (rollator / bag)	150 kg / 5 kg
Brakes	2 lockable with parking function
Wheel sizes	Front and back: 285 mm x 45 mm

PANDA ROYAL ROLLATOR

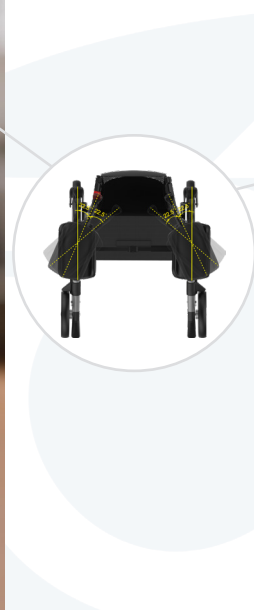

The lightweight outdoor rollator **Panda Royal** has a purple/black carbon fibre frame and other parts in aluminium. The rollator folds easily sideways and when folded it takes up minimal space, making it easy to transport. The large soft wheels make the rollator good and stable for both indoor and outdoor use. In addition, the large wheels also provide good shock absorption. The push handles can easily be adjusted in height without the use of any tools. The rollator is equipped with two lockable brakes that brake on the rear wheels. Two integrated tilting pedals are fitted near to the rear wheels to facilitate overcoming of minor obstacles. As standard the Panda Royal comes with a transport lock, a removable shopping bag, a back belt and a crutch holder. Otherwise, a wide range of other accessories is available. The rollator is tested and approved for a user weight of up to 150 kg.

Panda Royal	312602

Weight	8,4 kg
Max. load (rollator / bag)	150 kg / 5 kg
Brakes	2 lockable with parking function
Wheel sizes	Front and back: 283 mm x 42/43 mm

TIGER / TIGER OUTDOOR ROLLATOR

The Mobilex arthritis **Tiger** and **Tiger Outdoor** rollators are based on the elegant Leopard (Tiger) and Lion (Tiger Outdoor) rollators, respectively, and therefore also have their characteristics and functions. In addition, the soft and comfortable forearm supports with their brake handles are adjustable in depth and height. At the models 312202, 312205 and 312206 the armrests can also be turned inwards in two angles by 22.5 degrees each. The rollators are extremely stable and easy to manoeuvre. They have large, smooth-running wheels and lockable brakes. In driving position they are secured against unintentional unlocking. As standard, the rollators have a transport lock and a removable shopping bag. A wide range of accessories is also available. The rollator Tiger Standard is only approved for indoor use on level floors and for a user weight of up to 150 kg. The Tiger Outdoor model is also approved for outdoor use with a user weight of up to 200 kg.

Tiger & Tiger Outdoor * with rotatable armrests	Standard 312201 (grey) 312211 (red) 312202 (brown) *	Outdoor 312205 (grey) * 312206 (brown) *

Brakes	2 lockable with parking function	
Wheel sizes	200 x 35 mm	285/235 x 44 mm

LION ROLLATOR

The Mobilex rollator **Lion** is specially designed for use on off-paved or paved roads. The large soft wheels ensure a comfortable ride even over bumpy cobblestones and uneven gravel or dirt roads. The rollator can easily be folded sideways for a small space requirement and can therefore also be easily transported in the car or parked at home. The rollator comes as standard with a tear resistant, comfortable textile seat, a comfortable and detachable shopping bag, a crutch holder and a back belt. The rollator is available in two metallic colours, brown or anthracite grey, and is tested and approved for a user weight of up to 200 kg.

Lion	Standard 312372 (anthracite grey) 312374 (metallic brown)	Small 312371 (anthracite grey) 312373 (metallic brown)

Recommended user heights	170 - 220 cm	165 - 175 cm
Seat height	62 cm	53 cm
Total width opened / folded	68 / 26 cm	68 / 26 cm
Inner width between push handles	56 cm	56 cm
Length (depth)	76 cm	76 cm
Weight (+ bag 380 g)	9,3 kg	9,0 kg
Max. load (rollator / bag)	200 kg / 5 kg	200 kg / 5 kg
Brakes	2 lockable with parking function	
Wheel sizes (soft wheels)	Front 285 x 44 mm - back 235 x 44 mm	

PANTHER ROLLATOR

New, improved Panther rollator with shorter and more manoeuvrable frame compared to the previous model

The Mobilex **Panther** rollator has a champagne-coloured aluminium frame. The rollator folds easily sideways and takes up little space when folded, making it easy to transport. The seat is made of durable, long-lasting material that provides comfort and stability for the user. At the front there is a removable shopping bag with two handles. The rollator is stable and well suited for both indoor and outdoor use. The push handles can be adjusted in height very easily and without use of any tools. The rollator is equipped with two lockable brakes that brake on the rear wheels. A tilt pedal is integrated on the rear frame to make it easier to overcome smaller obstacles. The rollator is tested and approved for a user weight of up to 150 kg and is available in two sizes, standard and small.

Panther	Small 318003	Standard 318004
Height of the push handles (adjustable)	70,5-92,9	77,3 - 100 cm
Recommended user heights	140 - 187 cm	150 - 195 cm
Seat height	55 cm	62 cm
Total width opened / folded	67,3 / 22 cm	66,9 / 22 cm
Inner width between push handles	46,5 cm / 49,2 cm	45,1 cm / 47,7 cm
Length (depth)	67 cm	66,5 cm
Weight (+ bag 380 g)	6,8 kg	6,8 kg
Max. load (rollator / bag)	150 kg / 5 kg	150 kg / 5 kg
Brakes	2 lockable with parking function	2 lockable with parking function
Wheel sizes	Front and back 200 x 34 mm	Front and back 200 x 34 mm

PUMA AIR ROLLATOR

The **Puma Air** rollator is a high quality outdoor rollator. This rollator has a matte black or red frame and extra large 12" pneumatic tyres (295 mm) for more stability on difficult surfaces. The push handles can easily be adjusted in height without the use of any tools. In addition, the rollator can be folded very easily with a flick of the wrist by pulling the strap on the seat upwards. As standard the Puma Air comes with: a back belt, a cup holder, a crutch holder and a modern, closed shopping bag. With its large pneumatic tyres, the Puma Air is especially suitable for outdoor use, but also for indoor use as it is only 65 cm wide. In total, the outdoor rollator only weighs 9,78 kg and can therefore easily be transported. The rollator is tested and approved for a user weight of up to 150 kg.

Puma Air	312501+02
Height of the push handles (adjustable)	82 – 99 cm
Recommended user heights	160 - 200 cm
Seat height	59 cm
Total width opened / folded	65 cm / 26 cm
Inner width between push handles	40 cm
Length (depth)	76,4 cm
Weight	9,78 kg
Max. load (rollator / bag)	150 kg / 5 kg
Brakes	2 lockable with parking function
Wheel sizes	Front and back: 295 mm (12") x 45 mm

312560

Accessory:
Tray that is easily attached to the rollator (instead of the back belt).

JAGUAR ROLLATOR

The **Jaguar** indoor rollator has an aluminium frame and can be easily folded. Overall, the structure is very light, but offers a high level of stability coupled with extreme ease of movement. The rollator is only approved for indoor use and has been tested and approved for a user weight of up to 100 kg.

The **Jaguar SUPREME** has a particularly high-quality design with wooden textured parts and with new silver-coloured wheels. The tray of the rollator also is wooden textured.

312418 SUPREME

Jaguar	Various colours	SUPREME

Brakes	2 lockable with parking function	
Wheel sizes	Front and back: 7" (175 x 27 mm)	

IMPALA ROLLATOR

The **Impala** rollator has a metallic blue-coloured aluminium frame. The folding system reduces in folded state the space requirements to a minimum. The rollator is equipped with a cane holder, padded seat and backrest and a handy bag under the seat. With its large 200 mm wheels the rollator is suitable for use both outdoors and indoors. The push handles can be easily adjusted in height by the user and provides comfortable and safe walking. The rollator is equipped with two lockable brakes on the rear wheels.

One-arm brake

BISON WALKING FRAME

The **Bison** walking frame is a mobility aid for learning and/or training of the active walking and can serve as support in case of balance disturbances. The frame is made of powder-coated aluminium and offers several adjustment functions: the arm rests can be easily adjusted in height by the gas spring support. The handles with the brake levers are angularly adjustable, but also adjustable in width. All these settings can be performed without any use of tools. The manual brakes act on the rear wheels and all four wheels are equipped with parking brakes. The narrow width also allows narrow passages.

Accessory:

It is possible to order an unique, adjustable supporting seat belt (item no. 313380), which can easily be attached to the frame.

Bison	313300
Width of the frame at the rear wheels	66,0 cm
Width of arm rests min. - max.	66,0 - 80,0 cm
Distance between handles	34,0 cm
Height min. - max.	102,2 - 143,0 cm
Length	86,0 cm
Weight	18,3 kg
Max. load	150 kg

DYNAWALK WALKING FRAME

The Mobilex **DynaWalk** walking frame is a tool for disabled or elderly people, who need additional support to maintain balance or stability while walking. The frame is made of powder-coated aluminium and offers various adjustment functions: the armrests are adjustable in height, the angle of the handles is adjustable. The safety back bars are easily liftable. The width is easily adjustable through the cross joint. All settings can be done by clips without any use of tools. The walking frame has an adjustable safety bar at the rear. The rear wheels have brakes and the model 313001 also friction brakes.

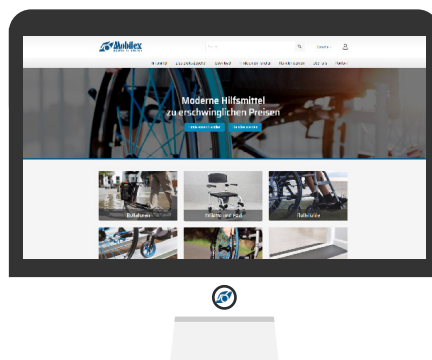

DynaWalk	Standard 313001	Brake 313002
Max. load	135 kg	135 kg
Weight	12,5 kg	12,5 kg
Length	82 cm	82 cm
Width (adjustable)	67,5 - 75 cm	67,5 - 75 cm
Height of armrests (adjustable)	100 - 123 cm	100 - 123 cm
Max. height of the handles	136 cm	136 cm
