

Comfortable and anatomically shaped wheelchair body warmer

The brand-new Mobilex **Wombat wheelchair body warmer** is anatomically shaped and made from tear-resistant, waterproof nylon with a cosy, warm thermal lining on the inside. This makes it not only comfortable, but also ideal for use on cold and rainy days.

The body warmer features:

- a large, all-round, easy-to-use YKK zip
- a non-slip base
- an adjustable back strap and elastic loops for secure fastening at the back

On the front, there is:

- a handy pocket, which is also fitted with a zip featuring a large pull grip
- two reflective strips

Available in three different sizes:

- Small (279030)
- Medium (279031)
- Large (279032)
